1: Holmberg--21 (1941-42) 1950 Siriono
116, 421

"The native concept of property may best be expressed by saying that the environment exists for the exploitation of all members of the band, and that the society recognizes the rights of ownership only so far as this exploitation is pursued. In other words, the preserve of the Siriono is communally owned, but its products become individual property only when they are hunted, collected or used."
